Developed Projects

LK Properties

Rent, buy or sell your real-estate:
- The webpage has the goal of facilitating the rental and sale of real estate.
- I had personally conducted several interviews to get project requirements.
- Developed both the front and back end of the page.

Bom ao Quadrado

Find our foodtruck:
- The webpage aims to facilitate the location of the offered services and the presentation of their products.
- I conducted several interviews to get the project requirements.
- Developed both front and back end. The front end was developed with JS ES6 for greater flexibility, a trans-compiler was used to convert to JS ES5.
